### ABOUT LUK

—— 关于立安 ——

柳州市立安联合刀片有限公司坐落于中国西南工业重镇柳州市，致力于高精度、高品质机械刀片的研究和制造，并与业内著名品牌保持着长期的合作。每年有30万件的刀片产品从我们的工厂发往全球六大洲的90多个国家和地区，70%销往欧美市场。这些制作精良的刀片广泛应用于食品、造纸、印刷、包装、环保回收、塑料、林产、烟草等行业，得到了广大客户的好评。

Liuzhou Lian United Knives Co., Ltd. (hereafter referred to as LUK) is located in China's southwestern industrial city of Liuzhou. LUK is committed to the R&D and manufacturing of high-precision, high-quality machine knives, and have long-term cooperation with well-known brands in this industry. Every year, more than 300,000 pieces blades shipped out from our factory to more than 90 countries and regions. 70% of them go to Europe and America. These excellent blades are widely used in food, paper, printing, recycling, plastic, wood, tobacco industries, etc. and well received by numerous customers.

## BLADES FOR FOOD PROCESSING

LUK is committed to the R&D and production of knives and blades for food industry with rich styles and complete categories

After years of effort, we have reached close cooperation with many well-known machinery manufacturers at home and abroad to provide tailor-made cutting tools for their machines

Our food processing blades are mainly made of premium quality stainless steel, with excellent sharpness, rust resistance, and durability. Our blades greatly reduce the cost of tool replacement and commissioning for customers. At the same time, we also provide different materials to fulfill the different needs of customers

Excellent quality, good service, and pleasant purchasing experience are the fundamental reasons why customers choose LUK

LUK looks forward to work with you!

## 食品机械刀片

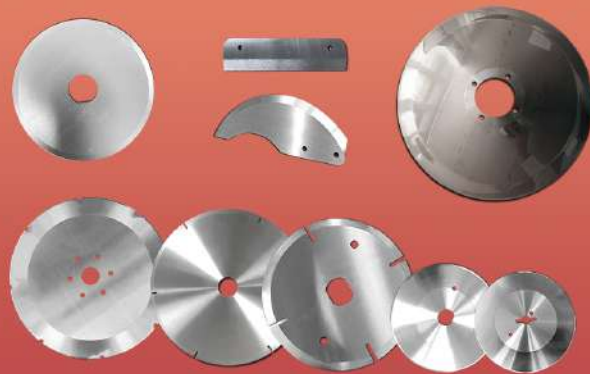

立安联合刀片致力于食品行业刀片的研究和生产，所做刀片款式丰富，品类齐全

经过多年努力，我们已与国内外多家知名机械制造商达成紧密合作，为他们的机器提供量身定做的切割刀具

我司食品机械刀片主要选用优质不锈钢生产，锋利度好，防锈能力强，持久耐用，为客户大大降低了换刀和调试的成本。同时我们还提供不同种类材质，满足客户的不同需求

优秀的品质，良好的服务，愉快的采购体验，是客户选择立安的根本原因

立安期待与您合作!

## DONER KEBAB BLADES

锋利无比

5倍的使用寿命

优异的平面度、跳动控制  
切割厚度均匀，节约成本

Perfect Sharpness

5 Times Service Life

Excellent Flatness & Run-out

Consistent Cutting Thickness, Lower Cost

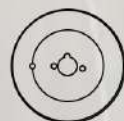

## 款式齐全

### COMPLETE STYLES

CEYLAN, DEVRAN, POTIS, UNIVERSAL, DOST, TANDIR, JET, UYAR.....知名烤肉刀，一应俱全

A Single Source of Blades for famous brands such as CEYLAN, DEVRAN, POTIS, UNIVERSAL, DOST, TANDIR, JET, UYAR, etc.

## 立安优势 LUK Strengths

### 原材料 / Material

- 我们对钢材供应商进行严格挑选，确保材料来源的可靠性和稳定性
- 每批钢材到达后都会被取样，并送到有资质的第三方实验室进行检测，确保原材料质量
- We strictly select steel suppliers to ensure the reliability and stability of material sources
- After each batch of steel arrives, it will be sampled and sent to a qualified third-party laboratory for testing to ensure the quality of raw materials

### 热处理 / Heat Treatment

- 我们的专业团队由拥有数十年热处理经验的工程师领导和管理
- 独有的热处理工艺，确保工件的金相组织分布均匀、结构稳定，从而让刀片获得适宜的硬度和优异的耐久性
- Our professional team is led and managed by engineers with decades of experience in heat treatment
- Our unique heat treatment process ensures that the metallographic structure is stable and evenly distributed. So the blade can obtain suitable hardness and excellent durability

### 磨削 / Grinding

- 我们的员工经验丰富、技艺纯熟，能以最适当的方式精磨各种刀片
- 做出好刀没有捷径，我们坚持特有的磨削技术来保证每一件刀片尺寸精准、锋利无比
- Our staff are experienced and skilled, able to fine grind various blades in the most appropriate way
- There is no shortcut to make a good knife. We insist on our unique grinding technology to ensure that each blade is accurate and sharp

### 质量控制 / Quality Control

- 我们严格执行质量检验控制流程
- 所有出厂产品的检测报告和质量数据都可在我们的系统中进行追溯
- We strictly implement the quality inspection and control process
- All the inspection reports and quality data of the outgoing products can be traced in our system

### 客户服务 / Customer Services

- 我们的团队拥有很强的英文能力，理解西方文化，跟海外客户沟通毫无障碍
- 凭借多年外贸经验，我们熟知贸易流程和国际物流，并拥有丰富的资源，可为客户提供全供应链服务
- Our team has strong English skills, understands Western culture, and has no obstacle in communicating with overseas customers
- With years of experience in foreign trade, we are familiar with trade processes and international logistics, and have abundant resources to provide customers with full supply chain services
